OVERVIEW

A mid-sized Behavioral Health Group employs a billing company to assist with all claims management. However, due to the center's high volume, the billing company is unable to devote enough resources to identify and appeal underpaid out-of-network claims. Working alongside the billing company, Collect Rx was able to find claims to be appealed and helped recover over \$1M.

HOW WE HELPED

Collect Rx gained payor portal access for UHC, Cigna, & Aetna. By utilizing our signature CRXSelect, we analyzed the past **12 months** of processed claims to identify cases for appeal. With this, we pulled EOB's and claim forms via the client clearinghouse and the appeals process began.

- Post-Payment Recovery "Appeal" Service includes:
 - Up to 12-month legacy review of your OON processed claims (Aetna / UHC / Cigna portals) to identify and select potential claims for recovery.
 - The intake and processing of all identified claims for recovery.
 - Maximizing recovery through reconsiderations, negotiations, appeals, & denials.
 - Follow up and payment verification of any settled claims.
 - Recurring reviews of the payor portals to identify new claims for recovery. (Based on volume and results: weekly/monthly/quarterly).
