HOW WE HELPED

We utilize technology & specialized expertise to comb through payor portals, EDI feeds, and EOBs to identify denials, underpayments, and 3rd party priced claims. We then use our proprietary data to challenge the pricing decision and recover you more money.

We performed an analysis on paid claims over 18 months old and found 221 claims over three facilities, that would have left more than \$60,000 left on the table if not successfully appealed.

Our team's recovery led to a 289.70% increase of additional payments!
